

JONATHAN ADRIEL GARCIA AVILEZ

FRONT-END DEVELOPER

Buenos Aires, Argentina

[EMAIL](#)

[LINKEDIN](#)

[GITHUB](#)

I am a focused and ambitious person in the pursuit of knowledge. I have developed skills in technologies such as HTML, CSS, JavaScript and React-Redux for front-end development, as well as Node.js, Express.js, PostgreSQL and Sequelize for back-end development. My goal is to apply these skills in the work environment and advance my career as a programmer, contributing to the success of projects and teams.

PROFESIONAL EXPERIENCES

GLOBAL SHAPERS CORDOBA

FULL STACK DEVELOPER · TRAINING CONTRACT

NOV. 2023 - DEC. 2023 · 2 MONTHS

CÓRDOBA, ARGENTINA · REMOTE

A SINGLE PAGE APPLICATION (SPA) WAS DESIGNED ACCORDING TO THE CLIENT'S REQUIREMENTS, FEATURING A DYNAMIC PAGE WITH JAVASCRIPT, REACT-REDUX, AND NODE.JS, USING SEQUELIZE AND A MYSQL DATABASE. THE INTERFACE IS MANAGEABLE THROUGH A DASHBOARD. THIRD-PARTY AUTHENTICATION, A PAYMENT GATEWAY, USER SUGGESTIONS VIA LOCAL STORAGE, IMAGE LOADING WITH CLOUDINARY, AND EMAIL NOTIFICATIONS WERE IMPLEMENTED. SKILLS INCLUDE GITHUB, SCRUM, TEAMWORK, MYSQL, NODE.JS, REDUX.JS, REACT.JS, SEQUELIZE.JS, HTML5, CSS, AND JAVASCRIPT

PERSONAL PROJECTS

Since my beginnings in programming, I have created projects throughout my learning. You can find the repositories of these projects at GitHub

RESPONSIVE HTML AND CSS

- [Documentation Page](#)

This project was developed with JavaScript, HTML and CSS.

- [Survey of Form](#)

This project was developed with JavaScript, HTML and CSS.

- [Interactive Rating Component](#)

This project was developed as a front mentor challenge. Using JavaScript, HTML and

JAVASCRIPT

- [Wheater App](#)

This project was developed in my early days of learning JavaScript, using a weather API in HTML and css.

- [Connect Four](#)

This project I developed as a personal challenge applying what I learned in the Microsoft challenge and changing it to another programming language. Using JavaScript, HTML and CSS

- Project of QR Code

This project was developed as a front mentor challenge. Using JavaScript, HTML and CSS.

C#

- CONNECT FOUR WITH C# and RAZOR

This project was developed as part of a Microsoft challenge. Using razor, .Net and C#.

REACT

- TIC TAC TOE

This project was developed in my early days of learning React, using JavaScript and CSS.

- PERSONAL PORTFOLIO

My personal portfolio developed with React, JavaScript and styled component

- RICK AND MORTY APP

This project was developed during my apprenticeship at Henry, working with React and Styled-Components for the Front-end Express and NodeJs for the back-end and SQL, Sequelize for the database.

EDUCATION

JUL 2023 - PRESENT

FULL STACK DEVELOPER, SOY HENRY

THE HENRY BOOTCAMP WAS CREATED WITH THE AMBITION TO HELP PEOPLE WITH FEWER RESOURCES HAVE THE SAME OPPORTUNITY FOR GROWTH IN AN INDUSTRY SUCH AS TECHNOLOGY. IN LESS THAN 6 MONTHS THEY PREPARE YOU IN THE MOST DEMANDED TECHNOLOGIES IN THE WORLD OF PROGRAMMING, SUCH AS HTML, CSS, JAVASCRIPT, REACT, REDUX, NODEJS, EXPRESSJS, POSTGRESQL, AND SEQUELIZE. BEING ABLE TO LEAVE PREPARED TO GET YOUR FIRST JOB IN TECH.

COMPLEMENTARY EDUCATION

- Microsoft Build: .Net
- Adobe Illustrator
- Adobe Photoshop

LANGUAGE SKILLS

- **Spanish** - Native
- **Portuguese**: C1 - Advanced
- **English**: B2 – Upper Intermediate - [EF SET](#)
